THAILAND ฿500 | HONG KONG \$120 | SINGAPORE \$20 | AUSTRALIA \$20 | CHINA ¥120 | EUROPE €12 | UK £8 | US \$15

As a Thailand wide yacht agency, Yacht Solutions can provide crew and arrange for vessel clearance and extensions, berthing, permits, transport and bunkering. Management services include insurance, registration, certification, security and all legal matters.

Recently, Yacht Solutions managed a \$1.5 million refit for a 52 metre yacht which included a change of shaft and propeller, repaint and reupholster and transformed a British naval vessel into a 58 metre superyacht.

Gareth and **Simon** know the Andaman region well and can provide yacht support services for exotic unfamiliar destinations not offered by European or major Asian yacht charters.

Currently, Yacht Solutions has a fleet of 45 yachts available for charter ranging from 68 to 280 feet that are more like floating resorts.

With a seamless support system, they can offer an unforgettable adventure on the seas.
